REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art fails to disclose and/or teach in combination the method as set forth in independent claims 22, 31 and 38. Each claim recite a method of reshaping a patient's heart. In particular, claim 22 recites a method of reshaping a patient's heart comprising, inter alia, gauging a size of a left ventricle using a flexible band extending from a shaft of a measurement device that is configured to encircle the heart. Claim 38 recites a method of reshaping a heart comprising, inter alia, gauging a size of a heart with an adjustable length band extending from the shaft of a measurement device. Claim 31 recites a method of reshaping a heart comprising, inter alia, introducing an expansible member through a chest port and into a left ventricle via a mitral valve, and then expanding the expansible member to determine the volume of the left ventricle. In each case, the size of the heart gauged by the methods recited in independent claims 22, 31 and 38 determines an amount by which the left ventricle is reduced.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID J. ISABELLA whose telephone number is 571-272-4749. The examiner can normally be reached on MONDAY-FRIDAY.
